

THRESHOLD DRAINAGE TYPE 2

3

3.9

SKU CODE: ASS-TD-T2

This quality custom made threshold drainage trough is manufactured from 304 or 316 grade stainless steel with an integrated sill suitable for all track types. It allows door sills to have the ability to be drained whilst still having internal and external surfaces with no extra step. Threshold drainage is typically used for sliding and hinged doors.

SPECIFICATIONS:

- Made in 304 or 316 grade stainless steel
- Outlet position and length as required
- A wide range of grating profiles available

USES:

- Commercial / Industrial
- Hospitals
- Residential
- Threshold drainage
